GLOBE TRAILERS

TAG-A-LONG, 25 TON

25TA890566

PRD: 00890566 A.1

TAG-A-LONG, 25 TON

3 AXLE, MAXIMUM PAYLOAD 50,000 LBS

Powdercoated by GLOBE TRAILERS

Tag-A-Long, 25 Ton

Features & Benefits

High Quality Steel

Constructed with T-1 100K PSI yield strength steel. The high-tensile steel ensures the designed camber is retained and allows for a longer product service life.

Wheel Options

All Globe trailers come with standard hub-piloted disc wheels. All-aluminum wheels and aluminum outer wheels are also available.

Tie Downs

D-rings on each side of the deck make it easier to secure loads to the trailer.

Hydraulic Ramps

Hydraulic ramp upgrade available for easier use.

Beaver Tail

The Beavertail is an angled extension on the rear frame. This makes rear loading more convenient.

Power Pack

Power pack option for rear hydraulic ramps.

Landing Gear

2 speed Landing Gear, allows for 160,000 lbs static load.

Color Options

Globe Trailers can powder coat to the color of your choice.

Lighting System

All lighting is LED and mounted in rubber grommets to DOT standards.

STEMCO Wheel Warranty

5-year wheel-end warranty. Guardian wheel seals, Pro-Torq spindle nuts and Sentinel hub caps.

Suspension

Heavy duty tandem-axle spring ride suspension.

Tag-A-Long, 25 Ton

Features & Benefits

Decking Options

Oak: Standard. Apitong: Best strength-to-weight ratios among natural woods. Rumber: A composite impervious to fluids, mud, oil and UV rays.

Heavy Duty Pintle Eye

3" Pintle eye, with 4 adjustable height positions, with 2 heavy duty safety chains and grab hooks.

Color Coded Hoses

Color-coded air hoses allow for easy troubleshooting and maintenance.

Tool Box

Lockable tool box with anti theft provisions available.

Warranty

WARRANTY
5
EXCLUSIVE 5 YEAR WARRANTY
FIVE YEARS
GLOBE TRAILERS

Globe Trailers' 5-year structural warranty on all lowboys is the best in the industry. Most competitors offer only a 5-year warranty. This shows how committed Globe Trailers is to its customers.

Lift Axle

The lift axle distributes the load across the other axles and reduces tire and axle wear. Keep it raised when unloaded and lowered when loaded.

Lift Axle

Powdercoated by GLOBE TRAILERS

All Globe Trailers are 100% powder-coat finished. The entire process takes place at Globe's manufacturing facility. This eliminates the possibility of contamination occurring in transit between process phases. The process starts with sandblasting the trailer to near white, preheating the trailer steel in a dedicated, gas-fired oven to optimum bonding temperature and applying an electrostatically charged zinc-rich primer. The trailer then goes back in the oven to allow the primer to bond. After the primer has bonded, a topcoat chosen from one of Globe Trailers' 188 color options is applied before the trailer returns to the oven to cure. The result is a durable, easily cleaned finish that protects the trailer from corrosion and ensures a long service life.
