TAG-A-LONG, 20 TON

20TA908382

PRD: 00908382 A.1

TAG-A-LONG, 20 TON

2 AXLE, MAXIMUM PAYLOAD 40,000 LBS

Powdercoated by GLOBE TRAILERS

Tag-A-Long, 20 Ton

Features & Benefits

High Quality Steel

Constructed with T-1 100K PSI yield strength Steel. The High Tensile Steel ensures the designed camber is retained, and allows for a longer product service life.

Wheel Options

All Globe trailers come with standard HUB piloted disc wheels. Wheels are also available in all Aluminum or Outer Aluminum.

Tie Downs

D-rings on each side of the deck make it easier to secure loads to the trailer.

Hydraulic Ramps

Hydraulic ramp upgrade available for easier use.

Beaver Tail

The Beavertail is an angled extension on the rear frame. This makes rear loading more convenient.

Axles

25,000 lbs capacity axles.

Landing Gear

2 speed Landing Gear, allows for 160,000 lbs static load.

Color Options

Globe Trailers can powder coat to the color of your choice.

Lighting System

All Lighting is LED and mounted in rubber grommets to DOT standards.

STEMCO Wheel Warranty

5 year wheel end warranty. Guardian wheel seals, Pro-Torq spindle nuts and Sentinel hub caps.

Suspension

Heavy duty tandem-axle spring ride suspension.

FEATURES & BENEFITS

DECKING OPTIONS

Oak: Standard.
Apitong: Best strength to weight ratios of natural woods.
Rumber: Composite which is impervious to fluids, mud, oil and UV rays.

HEAVY DUTY PINTLE EYE

3" Pintle eye, with 4 adjustable height positions, with 2 heavy duty safety chains and grab hooks.

COLOR CODED HOSES

Color coded air hoses allow for easy trouble shooting and maintenance.

TOOL BOX

Lockable tool box with anti theft provisions available.

WARRANTY

Globe Trailer's 5 year structural warranty on all lowboys is the best in the industry. Most competitors offer only a 5 year warranty. This shows how committed Globe Trailers is to it's customers.

POLYURETHANE VS RUBBER BUSHING

Reduced Maintenance	Increased Maintenance
Increased Trailer Lifetime	Needs Replacement
Increased Trailer Performance	Reduces Trailer Performance
Weather Resistant	Damaged from Weather

Powdercoated by GLOBE TRAILERS

All Globe Trailers are 100% powder coat finished. The entire process takes place at Globe's manufacturing facility. This eliminates the possibility of contamination occurring in transit between process phases. The process starts with sandblasting the trailer to near white, preheating the trailer steel in a dedicated, gas fired oven to optimum bonding temperature and applying an electrostatically charged zinc rich primer. The trailer then goes back in the oven to allow the primer to bond. After the primer has bonded, a top coat chosen from one of Globe Trailers' 188 color options is applied before once more going back in the oven to cure. The result is a durable, easily cleaned finish that protects the trailer from corrosion and ensures a long service life.
