

LOWBOY, 50 TON

50LB1082644

Weight: Apx. : _____ ± lbs

Overall	Overall	Gooseneck	Lower Deck	Lower Deck	Rear Deck	Rear Deck	Ground
Length	Width	Length	Length	Height	Length	Height	Clearance
53′ 5″	8′ 6″	12′ 11″	26'	22" LOADED	14' 6"	42 %"	

Main Deck				
Main Beam	16" T-1 Steel Std.			
Centers	40"			
Side Rails	16" T-1 Steel			
Crossmembers	10" & 4"			
Spacing	12"			
Outriggers	Removable Standard			
# Of D-Rings	13 Each Side			
Front Ramps	Integrated Fixed Ramps 24" x 24"			
Concentrated Load	110,000 lbs in 12'			
Rear Deck				
Riser	35° Rear Bridge Ramp			
Rear Deck Beam	16.5" T-1 Steel			
Rear Well Style	Boom & Bucket Well			
# of D-Rings	2 Each Side			
	Decking/Flooring			
Main Decking	1.75" Apitong - Full Width			
Wheel Covers	Steel Covered D-Plate			
Well Decking	Open			
Electrical				
Lights	LED Plus 2 - Rear Strobes			
Connector	7 Way Connector			
Safety Night Light Package w/Battery				
Hydraulics				
Wet Line Kit - Wing Nut Connection				
13 HP Honda - Gas				

Axies, Suspension, & Running Gear					
# of Axles		3			
Axle Spacing		54"			
Axle Capacity		25,000 lbs			
Brakes		16 1/2" x 7" - 25K			
ABS		2S1M			
Axle 1		Fixed Type 30/30 Non-ABS			
Axle 2		Fixed Type 30/30 ABS			
Axle 3		Super Lift Type 30 Non-ABS			
Air Ride Suspension -25K					
Auto Dump, Air Ride Adj.					
Gooseneck					
King Pin Style		Fixed			
King Pin Setting		16"			
Swing Clearance		110"			
5th Wheel Height		50"			
King Pin		2"			
Ride Height		5-Position			
Tires & Rims					
Tires	255/70R x 22.5 "H"				
Rims	8.25 x 22.5 Hub Piloted All Aluminum				
Finish					
Sandblast & Powder Coat					
Mud Flaps & Reflective Tape					
Flag Holders					
Dealer:					

Axles Suspension & Running Gear

FEATURES & BENEFITS

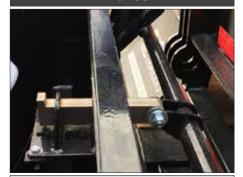

HIGH QUALITY STEEL

Constructed with T-1 100K PSI yield strength Steel. The High Tensile Steel ensures the designed camber is retained, and allows for a longer product service life.

ADDED SECURITY

Globe Trailers air lock with safety bar and spring extended pin ensures that the gooseneck locking pin will remain secured even if air pressure is lost.

AIR BAGS

30K pound rated large diameter air bags are standard. This allows for lower operating pressure and higher capacity when needed.

WARRANTY

Globe Trailer's 10 year structural warranty on all lowboys is the best in the industry. Most competitors offer only a 5 year warranty. This shows how committed Globe Trailers is to it's customers.

12" CROSS MEMBER SPACING

Standard 12" stubbed cross member spacing produces added strength to the trailer and also less stress on the decking, leading to a longer life of the decking material.

DECKING OPTIONS

Oak: Standard.
Apitong: Best strength to weight ratios of natural woods.
Rumber: Composite which is impervious to fluids, mud, oil and UV rays.

22" DECK HEIGHT

With a standard deck height of 22", Globe Trailers have lower overall height, which allows taller loads to be hauled.

STEMCO WHEEL WARRANTY

5 year wheel end warranty. Guardian wheel seals, Pro-Torq spindle nuts and Sentinel hub caps.

LIGHTING SYSTEM

All Lighting is LED and mounted in rubber grommets to DOT standards.

COLOR OPTIONS

Globe Trailers can powder coat to the color of your choice.

FEATURES & BENEFITS

MULTI POSITION RIDE HEIGHT

Multi Position Ride Height options.

Makes adjustments for various 5th
wheel heights easy and allows for
larger ground clearance or lower deck
height.

HEAVY DUTY FRONT OUTRIGGERS

Globe Trailers fabricated heavy duty pullout front outriggers provide added strength which is needed to accommodate the initial force when loading equipment. The outrigger is held in position with a spring loaded locking pin.

V-STYLE GUIDE

V-Style guide with front tapered beams helps position the gooseneck locking pin, which makes hooking up to a Globe Trailer fast and easy. The locking pin guide rim helps prevent the gooseneck locking pin from coming loose in transit.

FRONT RAMPS

Low profile built in deck ramps.

CENTRALLY LOCATED FITTINGS

Air, electric and hydraulic (when applicable) fittings are all centrally located at the base of the gooseneck inside a bolster. This makes for quick and easy connect and disconnect. The fittings are protected from possible contact with equipment being loaded or unloaded.

COLOR CODED HOSES

Color coded air hoses allow for easy trouble shooting and maintenance.

POLYURETHANE VS RUBBER BUSHING

Reduced Maintenance	Increased Maintenance	
Increased Trailer Lifetime	Needs Replacement	
Increased Trailer Performance	Reduces Trailer Performance	
Weather Resistant	Damaged from Weather	

All Globe Trailers are 100% powder coat finished. The entire process takes place at Globe's manufacturing facility. This eliminates the possibility of contamination occurring in transit between process phases. The process starts with sandblasting the trailer to near white, preheating the trailer steel in a dedicated, gas fired oven to optimum bonding temperature and applying an electrostatically charged zinc rich primer. The trailer then goes back in the oven to allow the primer to bond. After the primer has bonded, a top coat chosen from one of Globe Trailers' 188 color options is applied before once more going back in the oven to cure. The result is a durable, easily cleaned finish that protects the trailer from corrosion and ensures a long service life.
